Lemon is a type of citrus that is yellow or green and has many uses and can be used in different ways.

Lemon is used as a flavoring in many foods and has different types, including:

- Australian lime

- Iranian sour lemon

- Omani lime

- Persian lime

- Egyptian sour lemon

- Mexican lime

- Indian lime

Lemon juice is a lemon extract that is used in food, syrup, etc. in addition to its many properties.

Lemon juice is one of the products that has a high probability of being fake, and instead of natural lemon juice, and food coloring are mixed with water and sold in the market, so make your purchases from reliable and reliable brands.

Omani lemon is the sour lemon that has been dried and dehydrated through a process and is considered one of the most popular seasonings and spices in Middle Eastern cuisine.

Types of Omani lemons:

Foreign Omani lemon that originates from Egypt, Libya, Sudan, and India.

Iranian Omani lemon, the best type of which is produced in Fars province, Jahrom city.

Omani lemon powder is one of the most widely used seasonings in the world, which is obtained by grinding pitted Omani lemons.

Another product that is obtained from Omani lemons is lemon flakes, this product is the flakes inside the lemon, the skin of which has been removed and the seeds have been removed from it. Lemon flakes smell and taste better than lemon powder and Omani lemon itself.

Our collection provides our customers with the highest quality products without any additives and completely natural, and this is what has made Kalion brand famous and can compete with foreign samples.
